

Working gloves

About this item

- **Abrasion Resistant:** the work gloves feature a heavy-duty split cowhide leather palm that is extremely abrasion resistant which protects your hands from any tears, cuts, or snags while also extending the product lifespan
- **Durable:** the safety gear boasts a reinforced leather palm, reinforced leather fingertips, and a leather knuckle strap for extra hand protection and durability in normal high wear areas to ensure a long lasting and durable product
- **Safety Cuff:** this gloves is designed with a 2 1/2" extended rubberized safety cuff that adds extra protection to your wrist and forearm, it also helps keep you cool and comfortable and allows for quick and easy on and off access
- **Dexterity:** the glove features a wing thumb design which adds better overall comfort and dexterity without sacrificing durability, this improves overall comfort and helps prevent fatigue for long working sessions
- **Applications:** the BOSS Guard gloves offer great protection and durability making them ideal for jobs such as construction, farming, roofing, yard work, gardening, road work, DIY projects, and many more
